Due to the unprecedented drought and high fire danger, Canyon Lake Fire / EMS recommends the following precautions to prevent wildfires:

1. Keep all wildland fuels and grasses trimmed and mowed
2. Eliminate sources of ignition and open flames, including grills and fire pits
3. Ensure any gas powered equipment and off-road vehicles have spark arresting devices and that they are inspected for proper operation
4. Prohibit use of fireworks and fireworks displays
5. Ban all smoking and cigarette use, or at a minimum, ensure smoking materials are properly disposed of in appropriate containers

Your assistance in preventing fires is greatly appreciated.

Sincerely,

Robert Mikel II
Fire Chief
